Coverage overview

This synthetic example describes appliance and household-system coverage for local testing. It is not a real contract, warranty, policy, bill, or financial statement.

Synthetic service items

Heating system inspection; water-heater service; refrigerator repair; and electrical diagnostic visit. A fictional service fee of \$75.00 applies per approved visit.

Fixture provenance

Created specifically for Home Intelligence Copilot automated tests. No source household document, person, institution, account, or address was used.
